

I am an existing member of Ballina Info but my details are wrong on the website. How do I change my listing if I don't know what email address was used when setting up the listing. i.e. gavin@ballina.info set it up but doesn't work here anymore so I can't just request a password reminder.

**1** Please send an email to: [directory@ballina.info](mailto:directory@ballina.info)

Subject: **Request Members Business changes.**

Request in writing that the Members Business administrator change your account's email address to your new email address.
